# Top Reasons to Upgrade

## 1 Enhanced! Reveal Codes

An all-time favorite feature just got even better! Now, with the feature enhancements in Reveal Codes, you can get instant access to this handy feature with the ability to turn the Reveal Codes option on and off on the default toolbar.

## 2 New! Template viewing

Simplify your workflow with a new time-saving solution that uses thumbnails to make the template selection process a snap. With the intuitive "New from Template" viewing feature, you can instantly browse your installed or created templates to make a faster selection.

## 3 New! Character counting

Eliminate the time-consuming task of character counting with the new ability to include or exclude spaces within any document. You can easily satisfy document submissions requirements that demand a preset size or space constraints.

## 4 New! Function Key template macro

With the new Function Key template macro, you can seamlessly create a printable keyboard template that outlines every keystroke so you won't miss a thing.

## 5 Enhanced! Page area

Take a look at the lighter, refreshed background for all non-page areas. With a brighter backdrop, documents are visually more appealing, and easier to navigate and edit.

## 6 Enhanced! Microsoft Office compatibility

Work with the most up-to-date Microsoft Office file formats for seamless file compatibility. In addition, WordPerfect always works on the most current Windows operating systems, including Windows 10, Windows 8/8.1 and Windows 7.

## 7 New! Open more documents

Open as many documents as your computer memory will allow with multiple WordPerfect windows. Best of all, without the restriction of nine documents per window, the sky's the limit.

## 8 New! Find it all with Favorites

Keeping track of several documents on your desktop at the same time can be a cumbersome task. Not anymore! Simply use the Favorites feature to instantly mark all of your relevant documents. Next, click on your toolbar to simultaneously open your set of most frequently used documents.

## 9 New! Save to multiple formats

Now, you can experience multitasking at its best. With this new feature, WordPerfect lets you save a document to all of these various file formats - WPD, DOC, DOCX, PDF, and HTML5 – all at the same time. Within the Macro windows, choose the option to Play your macro, save it to multiple formats, then click Play and you're ready to go.
